Fox Valley Greenhouse  
N5855 Country Road H  
De Pere, WI. 54115

**Re: Greenhouse Closing**

Dear Fox Valley Greenhouse Customers,

With saddened hearts we have decided to close Fox Valley Greenhouse. We will miss you and the relationship we built and shared. Again, we will **not** be conducting a spring season. There were too many issues with customers not paying their bills, too many customers violated their contract with us by filling the greenhouse with product from other people, and the expense of delivery was too high for us to maintain a reasonable delivery rate without having to raise our flower prices.

We will continue to have blooming and green plants for sale through our wholesale operations. You can still use the same email address for Fox Valley to order those items.

Regarding the disposition of the greenhouse, we are offering for sale the greenhouse(s) that were on-site at your location. We know of an experienced tradesman that is willing to build and cover the greenhouse for you at a price. We may have the plastic covering available for some greenhouse sizes which could prove advantageous due to the availability of plastic covering which at times can be limited.

Please contact us via email if you're interested in purchasing the greenhouse, we have provided to you.

\*Greenhouse price does not include the price of new plastic covering or labor. We have a contact who can deliver, build, and cover the greenhouse for you after purchase. We also have contact information for purchasing the two layers of roof plastic after your purchase. Again, after purchasing we will share this information with you. Thank you.

Best wishes to you in the future,

Brian Schroeder
